

Dear Causey Business Leaders,

Jan. 25, 2007

Roger would like the company to grow by 15% this year and I would like to help him accomplish that. Toward that end, I would like to offer an incentive to all Directors & above on my recap.

QUALIFICATION PERIOD: Jan 2007 thru Dec. 2007

BASE PERIOD: Jan 2006 thru Dec. 2006

GOAL: Increase your PGV by 15% compared to the Base.

WHO CAN PLAY: Any Director on the Causey Enterprises recap

WHAT: I will give you a \$200 check when you qualify *and* your bonuses from Shaklee will increase by 15% or more.

I am most excited about this incentive because the people who presently have the lowest PGV will have the easiest chance to win. It is seldom that people in that category get to be recognized. For instance, those doing around 2000PV per month would only need to do 2300/month in order to earn the \$200. us. It will be more challenging for those of you that run the highest PV, but there is another incentive for you as well. Stay tuned.

In addition to the \$200, you will make extra income as your downlines multiply in number and their PV increases.

All the best,

Linda
